

Public Notice April 11, 2022
Stage 1 Drought Watch for Lake Belton

The City of McGregor Has received a letter from the Brazos River Authority stating that they are Implementing a Stage 1 Drought Watch for Lake Belton. The City of McGregor Drought Contingency Plan for Stage 1 is added below. The voluntary action recommended by both B.R.A. and the City of McGregor. It is recommends an 8% water reduction for the time being. It requests that we voluntarily reduce our water usage by 8%. If you have any questions or concerns please contact City Hall at 840-2806. So as a recommended voluntary action, we ask that you reduce your water use by 8% until further notice.
